

AGS Virtual Conference Sponsorship Info

Each year, the support received from our Conference sponsors provides the funding AGS needs to continue serving the glovebox/containment industry. In return, AGS offers sponsors an opportunity to provide product/service information to the industry. This relationship is important, and we are making it a priority to develop a package that will provide meaningful marketing opportunities.

Below is an *at a glance breakdown* of the the sponsorship benefit package. This package provides marketing across several platforms including the AGS website, social media sites, and the conference app.

AGS Executive Office is available to provide assistance in setting up your page.

Extended Marketing! The Conference Mobile App will be live and available to conference registrants through December 31st so your marketing opportunities will continue past the conference. Your page may be updated as often as needed to continue to provide information to conference attendees.
