## **LIMIT OF LIABILITY/ DISCLAIMER OF WARRANTY**

This American Glovebox Society (AGS) Standard of Practice for Leak Test Methodologies for Gloveboxes and Other Enclosures, AGS-G004-2014, has been compiled from established practices and member and contributor experiences. The AGS, its membership, and contributors assume no responsibility for any liability arising out of its use, application, or fitness for a particular purpose. Note that the requirements stated within this document may be superseded by legal requirements within the jurisdiction of use. Documents listed within this standard of practice should be checked for updates that could affect its application.

To the extent not prohibited by law, in no event will AGS be liable for any loss, damage, lost data or for special, indirect, consequential or punitive damages, however caused regardless of the theory of liability, arising out of or related to the use of the AGS document. In no event will AGS's liability exceed the amount paid by you under this License Agreement.
